

Mulund College of Commerce (Autonomous)
B.Sc. Computer Science
Math Wonder 2023-2024

Academic Year: 2023-2024

Month: January

Date: 5th January 2024

Time: 10:00am to 4:00pm

Venue: Main Library

A short description of the activity:

The Computer Science Department of Mulund College of Commerce organized a department event named "Math Wonder," graced by the presence of Judge Mr. Krishna Maurya, Principal Dr. Sonali Pednekar, Vice Principal Dr. Shivaji Pawar, and Department Head Dr. Reena Shah, along with faculty members and a diverse audience and visitors from VPM Kannada High School & Jr. College, I.D.U.B.S High School & Junior College, Bhandup. This year the theme of the event was **"Magnificent Mysteries of Mathematics in Origami"**. The primary aim of this event was to convey that mathematics isn't just about numbers; it's about problem-solving and precision, and how we use math in our day-to-day life, also enhancing students' communication skills. The participants, hailing from S.Y.B.Sc.C.S. class, engaged in a spirited competition held on 5th January 2024 from 9 am to 4 pm. They were organized into teams of 4 each. The event began with seeking blessings from the almighty, followed by inspiring and encouraging words from the Principal, Vice Principal, and Department Head. Throughout the event, participants eloquently shared their perspectives on various topics, showcasing a blend of insightful ideas and quick-wittedness based on mathematics. The excited audience and visitors added to the good feeling with their strong support and cheers.
