Panel Expert

Dr Asokan Vasudevan, INTI International University, Malaysia

Valedictory Session

Prof. (Dr.) Anuj Kumar, Rushford Business School, Switzerland

Mission Statement:

The international conference “Green Business Practices and Digital Transformation: Navigating the Future for Tech-Driven Sustainable Growth” aims to foster a global dialogue on the intersection of sustainability, business innovation, and digital technologies. Our mission is to bring together industry leaders, policymakers, researchers, entrepreneurs, and technologists to explore actionable strategies for achieving environmental sustainability through green finance, digital transformation, and responsible business practices. By facilitating knowledge exchange, collaboration, and cutting-edge insights, we strive to accelerate the transition toward a net-zero economy while ensuring inclusive and equitable growth.

Conference Goals:

- Promote Sustainable Business Models – Highlight best practices in green finance, ESG investing, circular economy, and sustainable supply chains to drive eco-conscious business strategies.
- Leverage Digital Innovation for Sustainability – Examine the role of AI, blockchain, IoT, and smart technologies in advancing environmental efficiency, decarbonization, and green manufacturing.
- Encourage Policy and Regulatory Advancements – Discuss frameworks and government policies that support green business growth, carbon trading, and responsible investment.
- Foster Green Entrepreneurship & Startups – Explore opportunities and challenges for green startups and digital platforms that contribute to sustainable development.
- Enhance Corporate Accountability & Transparency – Showcase digital tools for sustainability reporting, carbon accounting, and ESG compliance to improve corporate responsibility.
- Drive Climate Equity & Inclusive Growth – Address the role of digital inclusion, green HR practices, and equitable climate solutions in emerging markets.
- Strengthen Global Collaborations – Facilitate partnerships between businesses, governments, and academia to advance tech-driven green growth, with a focus on India’s leadership in sustainable development.
- Inspire Action Through Knowledge Sharing – Provide a platform for thought leadership, case studies, and research to empower stakeholders in implementing scalable sustainability solutions.

Conference Theme

‘Green Business Practices and Digital Transformation: Navigating the Future for Tech-Driven Sustainable Growth’

The sub-themes are

I. Green Business & Finance

- 1. Green Finance and ESG Investing in India and Beyond**

Paper Submission Guidelines

- Use A4 paper size (210mm x 297mm). Margins: 1 inch (2.54 cm) on all sides.
- Font: Use a clear, readable font (e.g., Times New Roman or Arial) in 12-point size.
- Line Spacing: 1.5 or double-spaced throughout the text.
- Paragraphs: Indent the first line of each paragraph by 0.5 inches (1.27 cm).
- Provide a concise abstract (150-250 words) summarizing the main points of your paper.
- Keywords: List 3-5 relevant keywords after the abstract.
- The word limit should be between 3000-8000 words including referencing and abstract, tables, figures etc. Number figures and tables consecutively (e.g., Table 1, Figure 1).
- Include captions below figures and above tables. Ensure all figures and tables are referenced in the text.
- Title of the paper: Centered, bold, and in title case.
- Author(s): Full names, affiliations, and email addresses.
- Participants outside Mumbai & Thane district may present in online mode.
- Presented papers will be considered for publication.
- Please send your Abstract & research paper to our mail-id.

mcc.conference25@gmail.com
